Sacrament of Eucharist

Over the weekend, our school and Parish community celebrated a very special milestone as 13 of our students received the Sacrament of Eucharist/First Holy Communion. On Saturday evening, seven candidates were welcomed at Mass in Cobden, followed by six more on Sunday in Camperdown.

It has been a privilege for Michael Saunders, Fr George and myself to walk alongside the children as they prepared for this important step in their faith journey. The students were deeply committed to their preparation, and they carried out their readings and roles in the Mass with reverence and confidence.

We are extremely proud of each of them, and we thank their families for the love and support that made this occasion so meaningful. The celebrations were a true reflection of faith, community and joy, and we congratulate our students on this significant moment in their spiritual lives. The parish community continues to hold the children in prayer, surrounding them with love and support as they continue to grow in their faith.

Altar Server

Fr George is inviting expressions of interest from children who would like to become altar servers. Those who volunteer will take part in training to prepare them to assist at Sunday Masses. It is hoped that several students will put their hand up so that a roster can be created, with each child serving about once a month. Please note that children must have completed their sacraments before beginning this role. Please contact Fr George or Tarryn if your child is interested.
