Mission Month

Yesterday, Sunday, 19th October, we celebrated World Mission Sunday, a day when Catholics around the world unite in prayer and action to support the life changing work of missionaries both here in Australia and across the globe.

Throughout October, we join with Catholic Mission to honour and assist those who dedicate their lives to sharing the Good News and serving communities in need.

We can all take part by:

- Giving generously through parish appeals
- Volunteering or helping to raise awareness in our community
- Learning more and donating online to support mission projects
- Praying for missionaries and the people they serve

Together, our prayers and contributions help meet the spiritual and practical needs of others, continuing the mission of Jesus in our world today.

Soctober Sockball

Our students will be participating in different activities on Monday, 3rd of November as part of Mission Month.

If you have a few odd socks lying around, please send them to school so we can use them to make our sockballs! These sockballs will be part of our Soctober Day on Monday, 3rd November, helping students reflect on creativity, resilience, and community while supporting families in need through Caritas Australia's work in Zambia.
